# Prevention Project SeriE

The Prevention Project SeriE provides support when your sexual interest is directed towards children or persons under the age of 16 years.

If you are worried about your sexual desires, thoughts or fantasies towards children, please contact us for support.

## Supportive services

We provide a safe and confidential environment to discuss and reflect on your sexual thoughts or fantasies towards children. The services are free of charge.

Sexuality is an important part of being human. In counselling, we explore ways to live a good and full life without violating anyone's sexual boundaries. You can also contact us if you are concerned about the sexual preferences or behaviour of a friend, partner or a family member.
